Compact Adaptive Digital Mixer For Podcasting and Streaming, Featuring Mix Agent™ Technology

DLZ CREATOR XS

Compact Adaptive Digital Mixer For Podcasting and Streaming, Featuring Mix Agent™ Technology

Better. Faster. Creator.

DLZ Creator XS is an adaptive digital mixer that enables creators of all levels to quickly get pro results for podcasts, YouTube, and live streaming.

DLZ Creator XS features the same DSP processing power and features of the DLZ Creator, including Mix Agent™ virtual audio assistant, and AutoMix, now in a compact design that doesn't sacrifice on capability.

Setup Assistant guides you through the user experience, AutoMix manages levels for you, and new voice-changing effects give more control over your sound than ever before.

The flexible design includes recording/streaming to computer, SD card, or USB flash drive for all creative needs.

FEATURES:

- Get pro results at any experience level
- Mix Agent™ assists in setup and more
- AutoMix manages levels for two voices
- Connect call-in guests via Bluetooth
- Record/stream to computer, flash drive or SD card
- 2 Onyx80 mic preamps
- 7.0" touchscreen

APPLICATIONS:

Podcasting, broadcasting, live streaming, and many, many more.
